SUMMARY

As a dedicated and self-driven web developer, I have a demonstrated aptitude for rapidly acquiring new tech skills and adeptly integrating them into practical, real-world projects. I am currently seeking an entry-level position in a dynamic and forward-thinking environment where I can leverage my skill set and creative abilities to drive meaningful change.

SKILLS

Languages, Frameworks & Libraries:
JavaScript, React.JS, Next.JS, Redux-Toolkit, React Routerv6, React Axios, Tailwind CSS, Node.JS, Express.JS, MongoDB, Mongoose, MERN Stack

Technical Skills:
HTML, CSS, JSON, REST API, Authentication, Object Oriented Programming, Git, GitHub

PROJECTS

Front-End **3D Portfolio Website**
- My portfolio website integrates Three.js with React. It also uses Tailwind CSS for styling, and React Three Fiber for 3D rendering.
- The 3D portfolio website is meticulously designed for seamless adaptability across all devices, ensuring a top-notch user experience.
- Have added 3D animation features to my portfolio to create a dynamic and engaging user experience.
```
React  /  Three.js  /  React Three Fiber  /  Tailwind CSS
```

Full-Stack MERN **Modern Real Estate Marketplace**
- This is a robust MERN stack Real Estate application with advanced authentication & search functionality. All CRUD operations are used by the MongoDB database.
- Have used React Router DOM to create routes & dynamic pages. Application's authentication includes both email and password authentication through the use of JSON Web Tokens(JWT) along with Google OAuth Integration. For better state management, Redux-toolkit is used.
```
React  /  MongoDB  /  Node  /  Express  /  Redux-toolkit  /  Tailwind CSS
```

Front-End **Shopping Cart**
- A user can increment or decrement the no. of items in the cart, based on that total amount is calculated.
```
Redux-toolkit
```

EDUCATION

06/2010 - 05/2014 **Electronics & Communications**   GEC Modasa, GTU
Bachelor of Engineering; CGPA: 7.6

EXPERIENCE

02/2018 – 12/2022 **Senior Purchase Executive**   Comline Auto Parts
- Responsible for managing purchases of car parts such as brake discs, brake pads & brake calipers from various countries such as China, Middle East, UK & Europe.
- Successfully managed supplier relations, price negotiations, pricing structures, purchase contracts, documentation and reports.
- Managed communication with all suppliers to meet objectives related to cost, price discrepancies & yearly turnover including rebate.
- Worked on the price projects every year, saving average 7% to 10% on 5mn to 6mn euro purchase of car brake discs per year.
- Input multiple price data into ERP system (Microsoft D365) with 98% accuracy.
```
PowerBI  /  MAM Software  /  Microsoft Office D365  /  MS Office Tools:  MS Excel, MS Word
```

07/2014 – 01/2018 **Mathematics Teacher**   Personal Tuition
- Provided personal coaching to class X students for mathematics. Maintained good relationship with students and fostered open communication in culturally-diverse classroom.
- Organized meetings quarterly with parents to discuss the progress of students.
